Nest - Design for All

Designed by Pentagon Design

VitrA for all, design for all!

This special series combines design, ergonomics and functionality with VitrA distinction. The Nest – Design For All series considers different needs and styles and provides common solutions for everyone regardless of age, ability or condition. It also offers special products for hospitals, hotels and other public buildings considering special needs.

The multifunctional grab bar ensures safer use, the wall-hung WC pan facilitates cleaning, and the faucet provides easy access and control by virtue of its design and position.

The mirror with adjustable angle offers users a new and comfortable experience. Shelves serve as alternative storage spaces.

AutoClean washbasin

Easy-to-clean washbasins, hygienic bathrooms!

VitrA underlines the importance of hygiene with user-friendly cleaning solutions. VitrA's newly developed AutoClean washbasins offer an auto clean function that makes cleaning fast and easy and contributes to bathroom hygiene and healthier homes.

Cleaning agents* dispensed from a concealed detergent tank are flushed into the sink with water to clean the washbasin. Each flush not only ensures excellent hygiene it also releases a pleasant and refreshing scent in the bathroom.

*Beneath the washbasin is a 1-lt VitrA Fresh detergent dispenser. 5-10 ml of detergent is consumed with each flush.

The concealed water outlet in AutoClean washbasins prevents dirt buildup and ensures hygiene.

- Users may choose between a manual control button and a photocell controlled sensor.
- 1 liter of water is consumed with every flush. The water diverter and internal channel in the washbasin guarantee maximum hygiene.

* Hypochlorous cleaning agents (up to 12.5 pH of bleach), non-abrasive detergents and fragrances may be safely used in the dispenser.

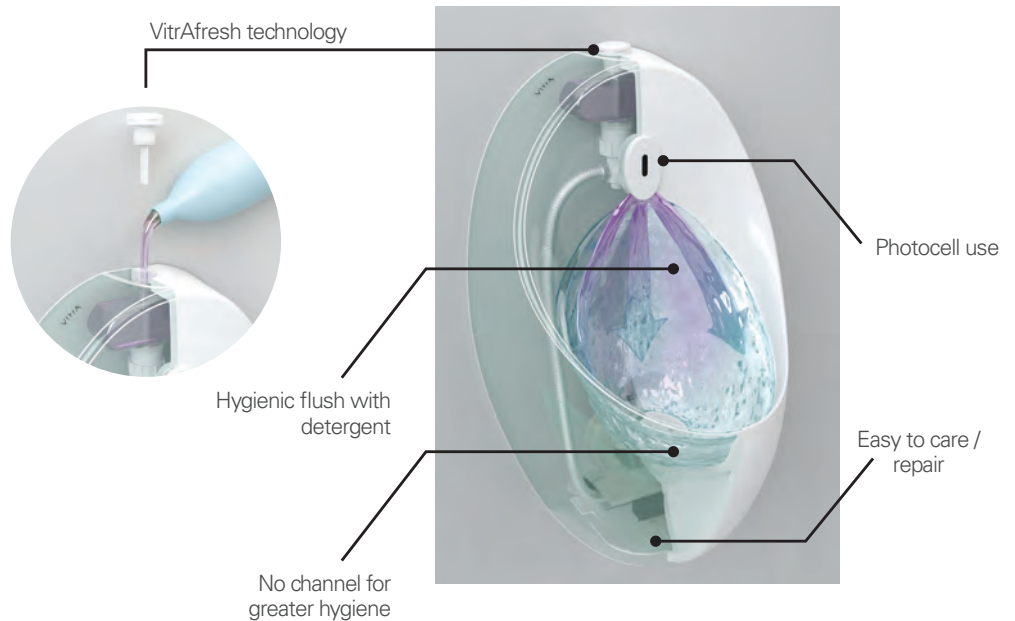

Photocell VitrAfresh urinals

New technologies for urinals:
Hygiene and savings in one go.

VitrA's new generation photocell urinals have many features. Photocell, Rim-ex and VitrAfresh technologies offer both hygienic use and water savings. They are also easy to maintain and repair.

- More hygiene with VitrAfresh technology
- Easier cleaning with Rim-ex technology
- No-touch use with photocell
- Water and energy savings
- Universal design for all spaces
- Easy to care / repair

V-care Smart Toilet

V-care

Superior hygiene with full comfort.

Comfort

- Front & rear washing options.
- Pulsating & oscillating washing options.
- Water pressure & position adjustment.
- Nozzle position setting
- Seat temperature adjustment.
- Water temperature adjustment.
- Dryer / dryer temperature adjustment.
- Air purifier.
- Open-close seat

Basic

- Front & rear washing options.
- Seat temperature adjustment.
- Water temperature adjustment.
- Air purifier.
- Nozzle position setting
- Water pressure & position adjustment.

V-care is available in Basic and Comfort models, with a range of features that can be set to personal preferences on a remote-control handset that is easy to use, thanks to its hand-fitting ergonomic form and user-friendly interface. Basic comes with fundamental features and an affordable price, while Comfort offers the most rewarding experience. A single button on the pan provides conventional washing for guests who might prefer manual use, ensuring maximum convenience for everyone.

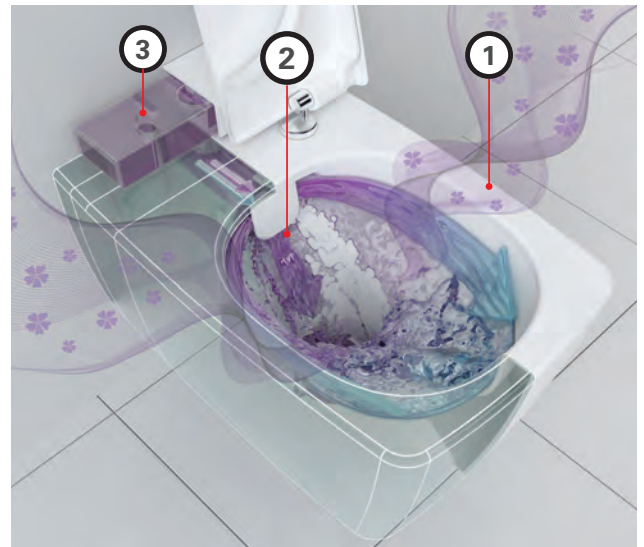

The V-care WC pan offers different washing options so that cleaning can be customized to the hygiene needs of each family member. The specially designed nozzle allows you to adjust water temperature, pressure and position for ultimate comfort. The nozzle automatically self-cleans before and after each use, and can be easily removed for manual cleaning if desired.

VitrAfresh WC pan

Maximum hygiene and fresh scent WC pan with liquid cleaner tank.

First introduced in the Metropole and Nest series, Vitrofresh is now available in the D-Light series as well. A liquid cleaner tank on the WC pan adds detergent to the flushing water, maximizing hygiene and freshening the air in every flush. A stop valve integrated in the Metropole and Nest WC pans mixes hot and cold water to provide added comfort.

- 1 Liquid cleaner tank on top of the WC pan mixes detergent* into the flushing water for maximum hygiene.
- 2 Vitrofresh ensures a pleasant scent in the bathroom as well as superior hygiene.
- 3 Removable lid enables easy cleaning.

* Hypochlorous cleaning agents (up to 12.5 pH of bleach), non-abrasive detergents and fragrances may be safely used.

Green Building Certification

Easy Installation

Water Saving

Rim-ex WC pan

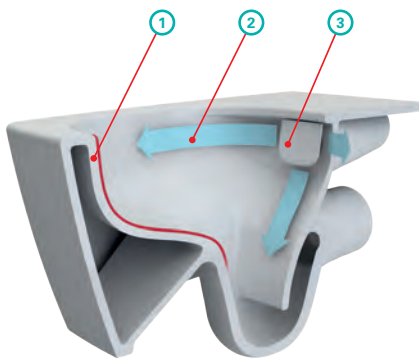

The WC pan that beats all formulas for easy cleaning!

The rimless WC pan Rim-ex prevents germ proliferation thanks to its innovative design. Rim-ex is easy to clean, and offers maximum hygiene. Rim-ex WC pans are available in various models suitable for all bathroom styles.

*Clearly superior:
Tests undertaken by the Akdeniz University show Rim-ex is easier to clean and 95 % more hygienic as compared to standard WC pans.

1. Rimless bowl

- Easy to clean surface without channel
- No rim or hole where dirt or harmful organisms could collect.
- Bowl shape designed for efficient flushing.

2. Water outlet

- Optimal water distribution for efficient flush.
- No rim where harmful organisms could proliferate.

3. Ceramic water diverter

- Removable ceramic part for easy cleaning.

VitrA Pro photocell control panel

Anti-vandal, long lasting design.

Shaped by VitrA's advanced design and technology approach, the VitrA Pro Photocell Control Panel stands apart for its durability, safety and elegance.

Thanks to its stainless steel material and design, which resists impact and prevents unwanted removal, the VitrA Pro Control panel is safer and longer lasting. VitrA Pro Photocell Control Panels are compatible with VitrA Concealed Cisterns (VitrA Pro 8 and 12 cm), and can be adjusted for greater water savings using new smart-sensor technology.

Anti-bacterial control panels

Control panels that preserve health!

VitrA is as committed to ensuring healthy lives as it is to creating innovative design. VitrA's anti-fingerprint control panel now provides extra hygiene protection thanks to a specially formulated anti-bacterial coating.

Mirrors

Designed to enhance and complement your bathroom decor.

Attractive and functional VitrA mirrors in different price ranges add value to every bathroom.

Deluxe

Deluxe mirrors are available with anti-fog and mini magnifying mirror features that bring bathrooms the convenience of advanced technology and contemporary design. Deluxe anti-fog mirror is a fabulous convenience for personal care after showering. Magnetically attached Deluxe mini magnifying mirror enhances the functionality of the attractive mirror, while concealed LED lighting in front and behind the mirror bring an artful glow to immediate surroundings.

The elegant built-in mirror cabinet has double sided mirror doors and a functional surrounding LED lighting concept. Functions available in the cabinet include a double plug, mini magnifying mirror and a lighting quality that can be switched from cool to warm white.

Combining LED technology with style, the round illuminated mirror contains strong make-up lighting on the front to perfectly illuminate your face and ambiance lighting at the back.

Thermostatic

Safe and comfortable for all family members.

Aquaheat mixers featuring Vitra's advanced thermostatic technology ensure safe and comfortable use in both showers and bathtubs. The safety button is especially ideal especially for children and elderly people, because it prevents water temperature from rising above 38°C. The BlueStep button controls flow rate to provide water savings up to 35%. WaterSense technology offers a safer and more enjoyable shower by preventing the mixer body from heating up.

The right diverter knob, if turned towards the front, releases the water and diverts it to the hand shower. Turned backward, the knob releases the water and diverts it to the main spout.

BlueStep

WarmSense

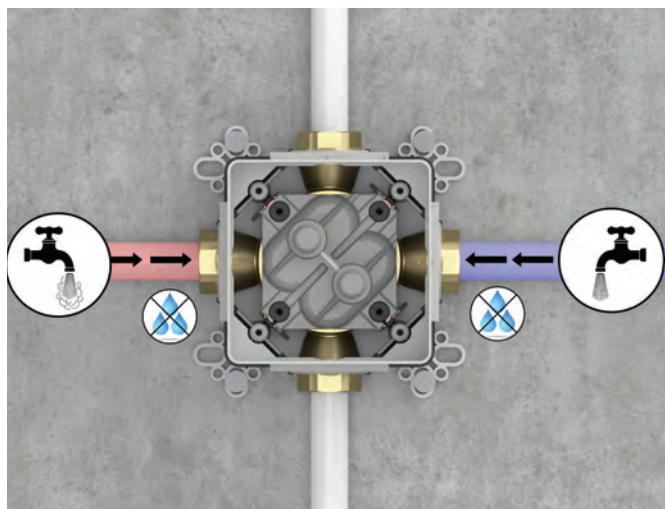

V-Box

New generation solutions that are handy and elegant.

With its user-friendly and innovative properties, V-Box offers a handy and elegant solution for built-in bath/shower and shower mixers. Compliant with Suit, Nest Trendy, Pure and X-Line series, V-Box can also be used as thermostatic bath/shower and shower mixer.

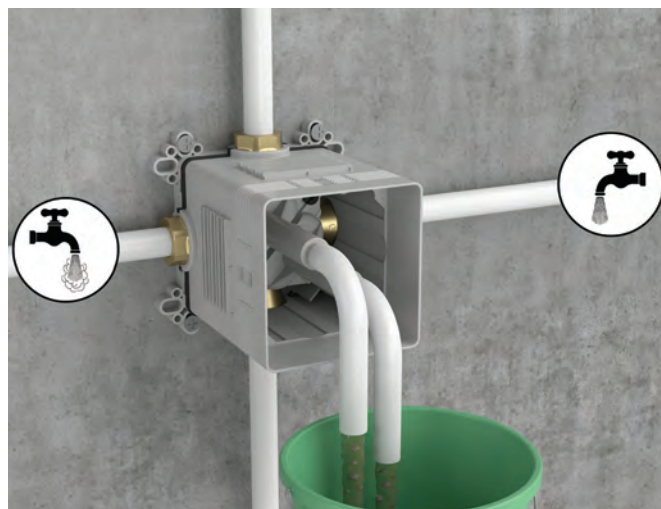

V-Box is easy to install on plasterboard and it provides superior protection to ensure perfect functioning. V-Box provides a high flow rate at the lowest noise level.

Impermeability test

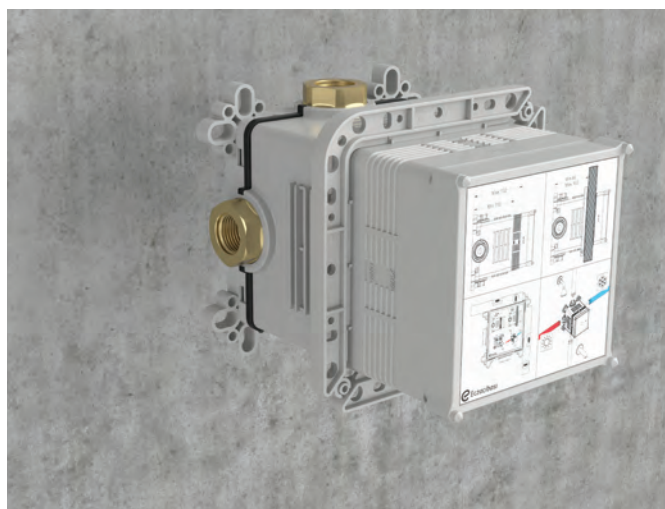

Ensures that V-Box is mounted correctly and tightly to prevent leaks.

Installation cleaning

Allows you to clean out debris that might accumulate in pipes during assembly.

Gypsum plate wall mounting

Special design enables easy mounting on gypsum plate walls.

Humidity protection

Additional sealing cuff protects the wall from humidity.

Powerbox

Natural energy powered by water.

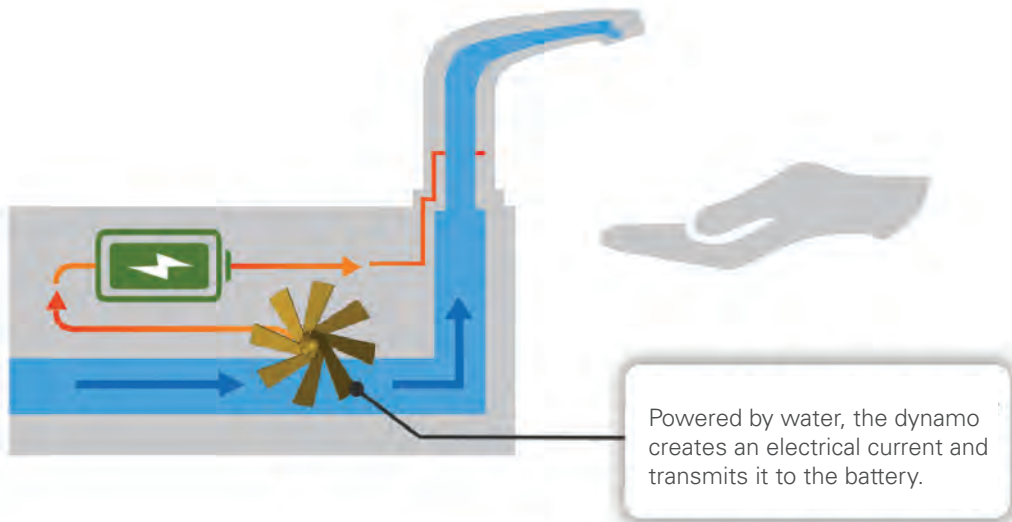

VitrA has added yet another user- and nature-friendly technology to its product range. Powered by water coursing through a built-in dynamo, Powerbox can supply the energy needed by as many as 5 photocell mixers. In addition to reducing operating costs, Powerbox can be installed without power connection to all mixers during the construction stage.

Photocell Basin Mixer with **Electric Adapter**

Photocell Basin Mixer with **Powerbox Energy Generator**

Powerbox does not require renovation work if the regular mixer is to be replaced by a photocell mixer.

Powered by water, the dynamo creates an electrical current and transmits it to the battery.

Hideaway

Designed by NOA

Modern solution for spacious places.

VitrA's innovative Hideaway offers a new perspective in the bathroom. The foldable shower panel not only provides a smart solution for narrow areas, its reflective glass also makes it suitable for use as a full-length mirror.

Memoria

Designed by Christophe Pillet

Aesthetic touches to bathrooms.

Memoria washbasins introduce a whole new look in the bathroom with their sharply delineated outlines, exquisitely slender forms, and smooth and glossy surfaces.

Rectangular, oval and round washbasins available in four color choices perfectly complete the bathroom furniture.

Memoria

Stylish and elegant bathrooms are at the center of urban homes today. Inspired by nature, it has a minimalist design where aesthetic details and practical solutions are perfectly combined.

Available in a variety of different shapes and sizes, the Memoria infinit washbasin adds a timeless design to the bathrooms, bringing together the modesty of modernism and the allure of design.

Memoria

Stunning washbasin and WC pan designs in a variety of colors available with polished or matte glazing are among the pieces that add distinction to Memoria Black.

- A range of colors available with polished or matte glazing.
- Faucet islands in the basins increasing wet space functionality.
- Comfortably wide and ergonomic washbasins and Rim-ex WC pans.

Istanbul

Designed by Ross Lovegrove

Excellent combination of fluent forms and fine lines.

Ross Lovegrove has created a new bathroom for the Istanbul series with a sophisticated approach inspired by nature. The bathroom's outstanding combination of fluent and sculptural forms with fine lines testifies to Vitra's mastery of production technology as well as Lovegrove's unique approach to technology and materials.

With their innovative forms and alluring lines, the ceramic units and auxiliaries of this new bathroom suite further enhances the fabulous ambiance of the series and creates a whole new user experience.

Elegant pieces achieve an impressive harmony with the fine lines of the Istanbul series. New generation washbasins with metal pedestal and countertop options feature minimalist, yet striking, details. Moreover, the compact form and unique design of the new generation urinal adds pure stylishness to the series, especially with their concealed installation option.

Frame

Washbasin units and mirrors with LED lighting create elegant atmosphere in bathrooms. WC Pan with photocell-controlled bidet function provides a touch-free and comfortable hygiene experience.

NEW

Frame

Modern reflection of natural forms.

The innovative and modern design of Frame gives a new look to washbasin collections. Frame countertop washbasins stand out with their geometric form and fine design, and they are available in 5 distinct forms and 4 colors – matte white, white, black and matte black.

NEW

Frame Half-Monoblock: Pure, chic and authentic.

VitrA introduces a brand new elegance in this half monoblock basin collection. With its round lines, modern look and easy-to-clean form, Frame Half Monoblock basin adds a clean and vivid ambiance to bathrooms. Frame Half Monoblock basin offers impressive elegance with black and white color options .

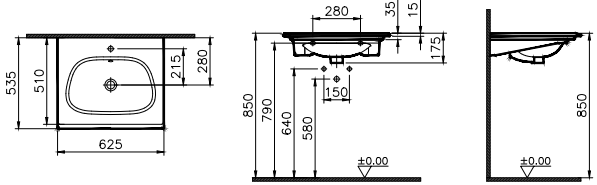

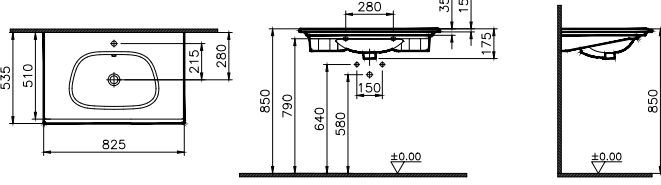

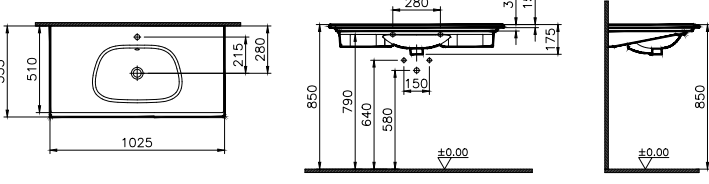

The monoblock basin's suspended form gives a stylish freshness and makes bathroom cleaning easier.

Aria

A touch of classics in your bathroom.

Let classic winds blow in your bathrooms. Blending comfort and elegance for lovers of classic, Aria is set to change the atmosphere of your bathroom.

Aria WC pan can be use with wooden or duroplast WC seats.

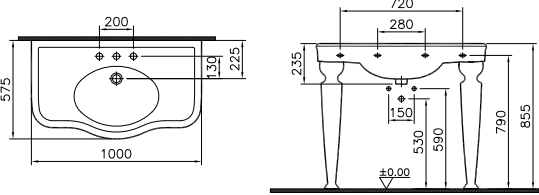

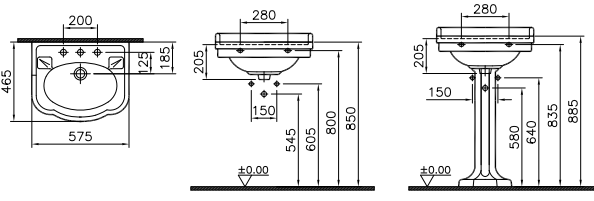

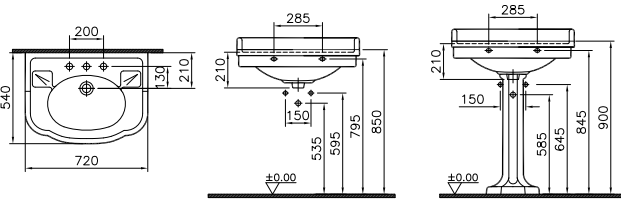

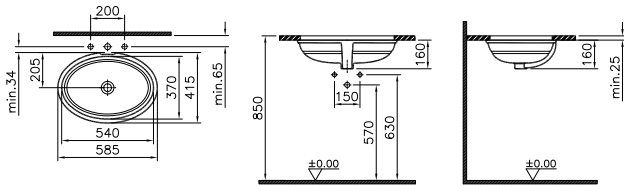

Undercounter and countertop washbasins have wide bowl areas and differentiate from other washbasins through aesthetic inner bowl details, complementing the classical design language of the series.

High level and low level cisterns are available to complement different bathroom settings.

Metropole

Designed by NOA

Determines today, sets the vision for future.

Minimalist designs add modern touches to living spaces. Metropole provides extensive storage space and stands out for smart functionality in tastefully restrained forms. These modules are designed primarily for your comfort. You will be able to shape them according to your needs.

Metropole

Washbasins for every need.

Washbasins, standing out with their geometric design, can be placed under the counters or used as counter-tops.

With Pedestals

Wall-Mounted

Semi Pedestal/Trap Cover

Integra Hidden Siphon System

Asymmetric

Under-Counter

Small touches add aesthetics to design. The ceramic washbasins of Metropole possess ceramic siphon covers, while Inifinit washbasins possess siphon covers made of Inifinit material.

Nest Trendy / Nest

Designed by Pentagon Design

Refined and restful.

Nest represents high-quality design which is available to everyone in their bathroom regardless of bathroom size. With a wide range of functional products designed along new generation modularity, Nest serves the needs of every member of the family. Ergonomic features transform a bathroom to a pleasurable space. Nest yields practical solutions that offer family sized comfort. Lines are pure and soothing, solutions “considerate” and “attentive” to real needs.

Nest Trendy / Nest

A compact solution set for smaller bathrooms: Plain mirror with shelf and lighting over a pedestal or semi-pedestal washbasin. The towel bar that can be fitted on the 60 cm washbasin adds flair to the set.

WC pan design that complements the Nest series. Water-saving WC pan is ideal for large families. At the same time WC pan hidden mounting system and hanged feature provide conceptual integrity and ease of cleaning. Built in interval tap offers the possibility to mix hot and cold water for bidet. The Softly-closing WC pan Lid in particular the assurance of a safe and quiet operation for families with children.

Nest Trendy / Nest

Furnished washbasins in 60x35 cm sizes specially designed for narrow counters integrates perfectly ...
Due to the special form that prevents splashing water makes the use of a dry countre space.

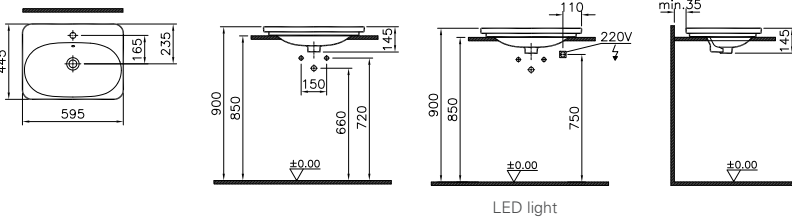

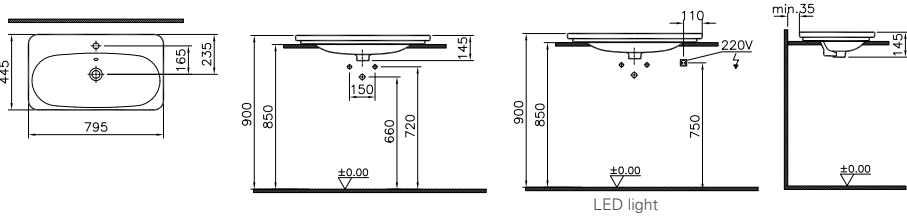

Concealed fixing installation of the WC pan provides visual integrity and ease of cleaning. The water saving WC pan is ideal for large families, and parents will love the soft closing WC seat for its safe and silent operation.

With Vitrafresh feature, the liquid cleaner tank on top of the Nest WC pan adds detergent to the flushing water, maximizing hygiene and freshening the air with every flush. Thermostatic stop valve integrated to the WC pan allows users to mix hot and cold water coming from the bidet nozzle and fixes the water at maximum 38 degrees.

Sento

Inspiring combinations from Vitra.

Sento with a Nordic clarity offers all the modules needed in a bathroom with functional and warm details. The series includes different solutions for storing cleaning materials. Sento has a multipurpose unit to house a washing machine and laundry basket. Fine and rounded corners ensure safety and enable easy cleaning in small bathroom spaces.

Sento

Large and deep vanity basins prevent water splash and ensure comfortable use.

In addition to their modern designs, Sento washbasins offer a functional washbasin experience with deep bowls, a large vanity area and back rim features.

Washbasins in different sizes provide ideal solutions for both large and small bathrooms.

NEW

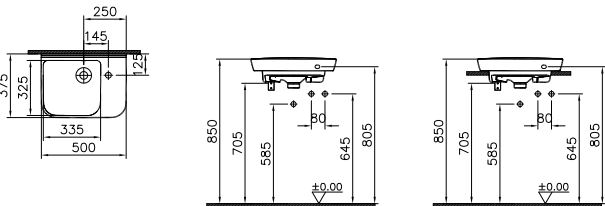

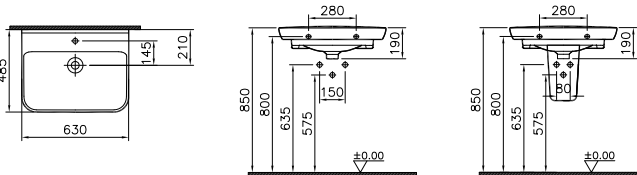

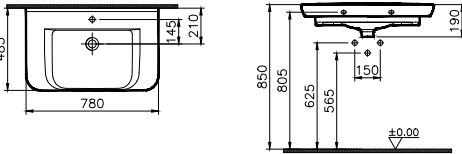

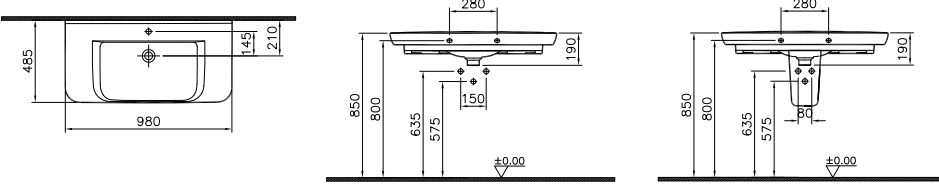

Slim WC seats and Slim cistern lids are just two of the innovations offered by Sento WC pans. The Sento WC pan's soft and pure lines create a precise and elegant harmony with whole series and especially with Sento washbasins.

Shift

Designed by NOA

Freedom of choice.

NOA Design Group designed the ceramic bathroom products, furniture and bathtubs in the collection. The faucets, on the other hand, bear the signature of INDEED Design Office.

Shift

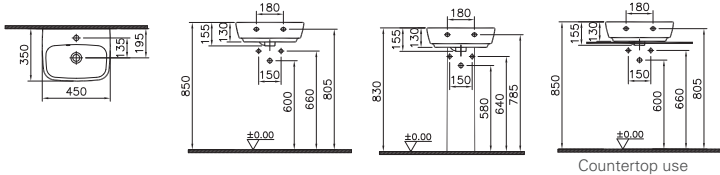

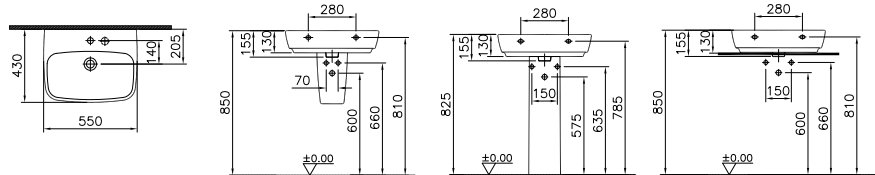

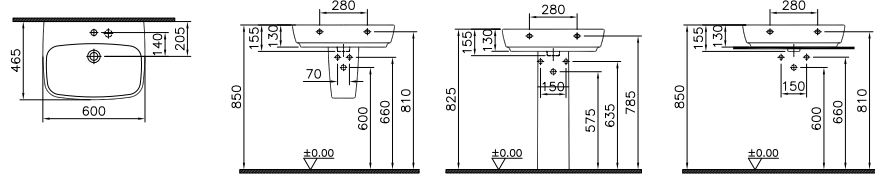

Shift Rim-ex WC pan is easy to clean with its channel-free internal bowl design.

Shift provides users the opportunity to design bathrooms with complete freedom. Your imagination will be set in motion as Shift's modular furniture forms and adaptability surpass stereotypes. A large selection of modular furniture is available that can be used freestanding or combined with washbasins.

Single washbasins

Suitable for all bathrooms.

VitrA offers washbasins options in different forms and sizes. The ideal solution to create the bathroom you want!

Outline

NEW

Distinctive design and durable material.

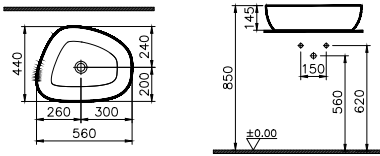

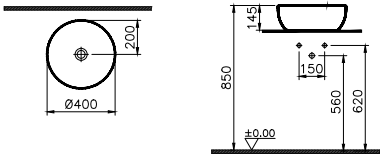

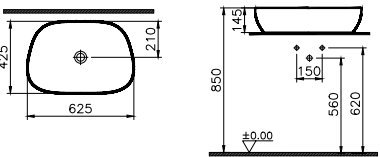

The Outline series is characterized by distinctive design and Cerafine material that gives a new look to bathrooms. Stronger, finer, more modern and more aesthetic.

Modern, authentic and charming, Outline washbasins come in 5 different forms – TV, oval, square, pebble and round, and in 5 colors – matte black, matte mink, matte taupe, matte white, and white.

Sanitary ware and complementary products icon guide

	<p>Water saving</p> <p>Developed by VitrA with special bowl structures and low-flow internal mechanisms, the 2,5/4 L water conserving WC pan provide efficient flushing with less water and are certified for lowest water consumption by EU standards. When used together with VitrA concealed cisterns, these WC pan can reduce water consumption by up to 70 %.</p>
	<p>Green building certification</p> <p>These products fulfill Green building certification (LEED, BREEAM and DGNB) criteria with their environmentally-friendly features including lower environmental footprint, water, conservation and the use of local materials, as well as life cycle assessment (LCA), environmental product declaration (EPD) and sustainable forestry (FSC), certificates. They are recommended for projects aiming for a Green building certification.</p>
	<p>Special needs</p> <p>VitrA bathroom products designed to accommodate seniors and people with special needs are wheelchair accessible and provide enhanced convenience in the bathroom.</p>
	<p>Rim-ex</p> <p>The smoothly attractive rimless WC pan Rim-ex prevents germ proliferation and offers superior hygiene thanks to its innovative design. Tests undertaken by the Akdeniz University show Rim-ex is 95 % more hygienic as compared to standard WC pans.</p>
	<p>Easy installation</p> <p>Easy and quick installation with innovative applications.</p>
	<p>VitrAclean</p> <p>Limescale is persistent in most bathrooms. VitrAclean technology is a special double-glazing process that makes washbasins, WC pans, urinals and bidets water repellent. No harsh chemical cleaning agents are needed to keep them beautifully stain-free for years.</p>
	<p>VitrAhygiene</p> <p>VitrAhygiene is a unique glazing process developed by VitrA to prevent germ proliferation in the moist bathroom environment. From washbasins to WC pans, bidets or urinals, sanitary ware produced with VitrAhygiene technology offer superior hygiene to users throughout the products' lifetime.</p>

VitrA clean
Stain Free

Thanks to its double glazing technology, VitrA clean keeps sanitary ware sparkling clean and looking their best for years and eliminates the need for strong cleaning agents.

Applicable to ceramic sanitary ware products including washbasin, WCs and bidets.

VitrA hygiene
Bacteria Free

VitrA hygiene's anti-bacterial glaze contains silver particles that reduce bacterial growth, offering 99.9% resistance to germs. Bathtubs and shower trays are made of Lucite Care antibacterial acrylic plates to enhance hygiene.

Applicable to ceramic sanitary ware products including washbasins, WCs, urinals, bidets, bathtubs and showertrays.

Suit L

NEW

Shaping water by design.

Suit L can meet all of your needs with washbasin mixers in different sizes.

Suit series have chrome, golden and copper color options.

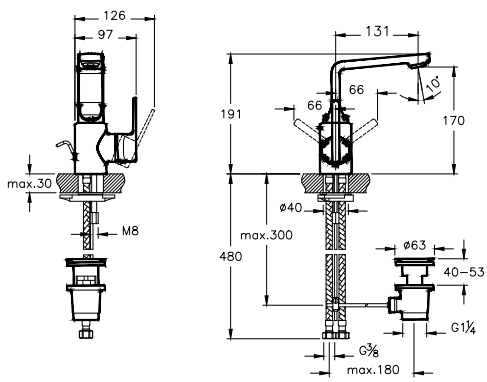

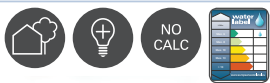

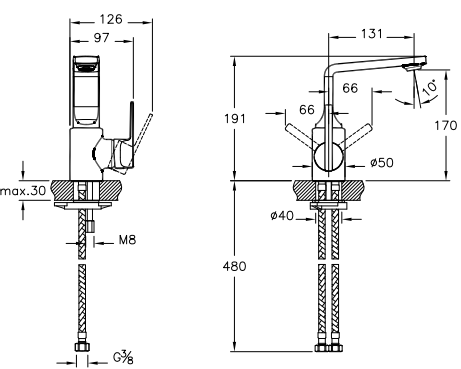

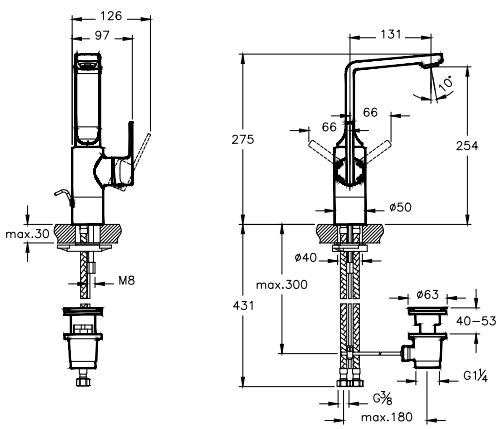

With the side-controlled design Suit does not accumulate water on the body therefore water stains do not occur.

Concealed inside the cylindrical body for simplicity, the spout can be rotated 45 degrees for easy control of water spray direction.

AquaTech series

AquaHeat	489-496
AquaSee	497-513
AquaTouch	514
AquaMed	515-516

Thermostatic

Safe and comfortable for all family members.

Aquaheat mixers featuring VitrA's advanced thermostatic technology ensure safe and comfortable use in both showers and bathtubs. The safety button is especially ideal especially for children and elderly people, because it prevents water temperature from rising above 38°C. The BlueStep button controls flow rate to provide water savings up to 35%. WaterSense technology offers a safer and more enjoyable shower by preventing the mixer body from heating up.

The right diverter knob, if turned towards the front, releases the water and diverts it to the hand shower. Turned backward, the knob releases the water and diverts it to the main spout.

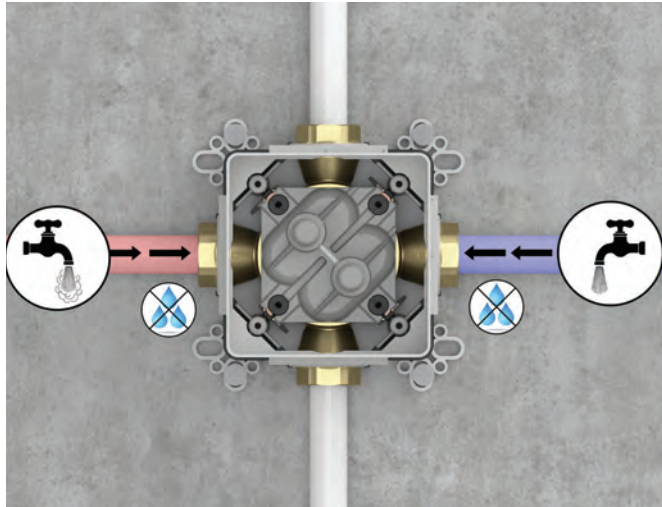

V-Box

New generation solutions that are handy and elegant.

With its user-friendly and innovative properties, V-Box offers a handy and elegant solution for built-in bath/shower and shower mixers. Compliant with Suit, Nest Trendy, Pure and X-Line series, V-Box can also be used as thermostatic bath/shower and shower mixer.

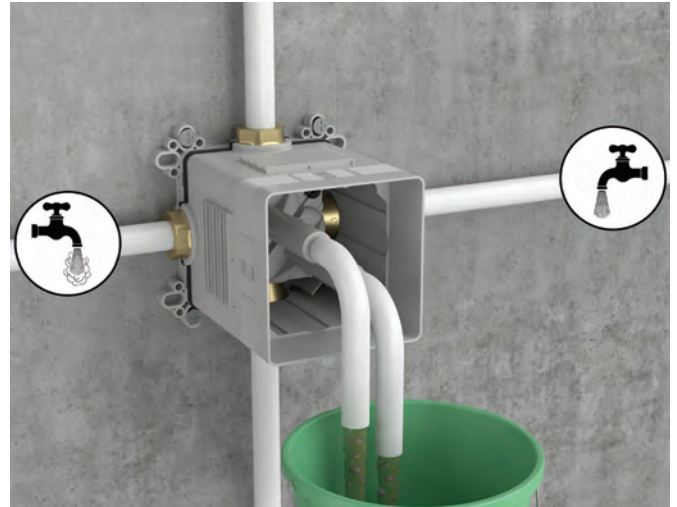

V-Box is easy to install on plasterboard and it provides superior protection to ensure perfect functioning. V-Box provides a high flow rate at the lowest noise level.

Impermeability test

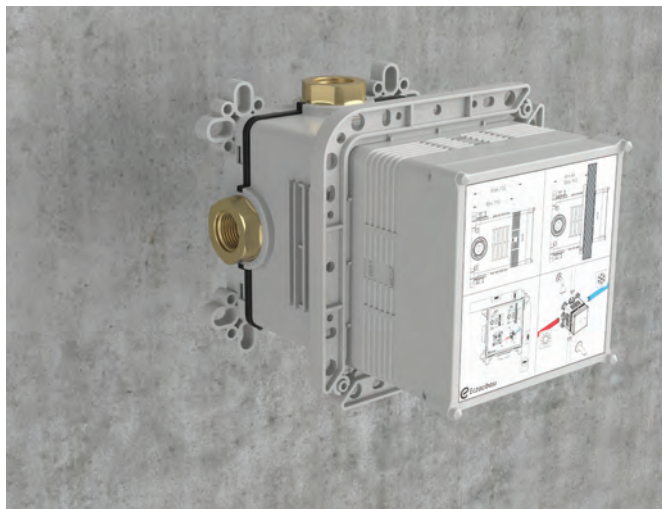

Ensures that V-Box is mounted correctly and tightly to prevent leaks.

Installation cleaning

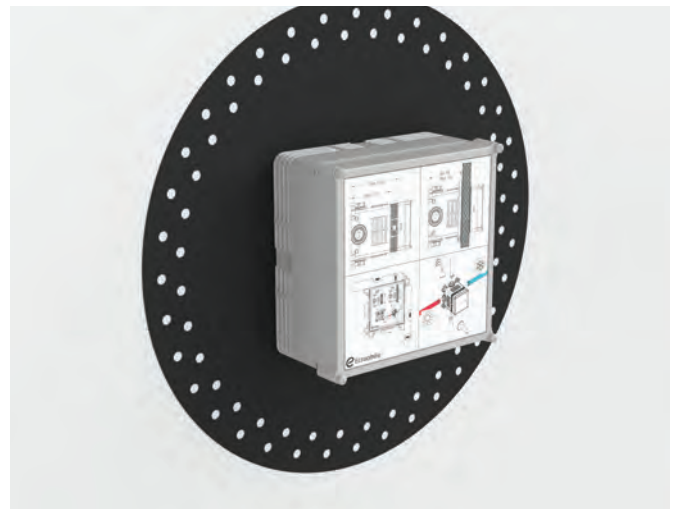

Allows you to clean out debris that might accumulate in pipes during assembly.

Gypsum plate wall mounting

Special design enables easy mounting on gypsum plate walls.

Humidity protection

Additional sealing cuff protects the wall from humidity.

DVGW-approved V-Box complies with all international standards.

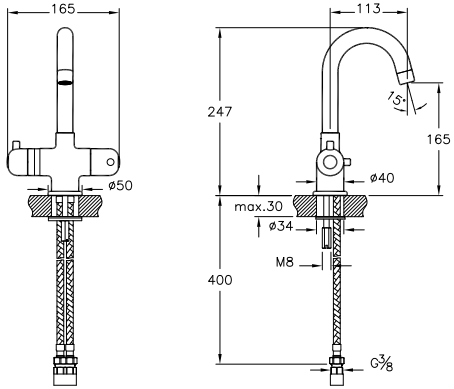

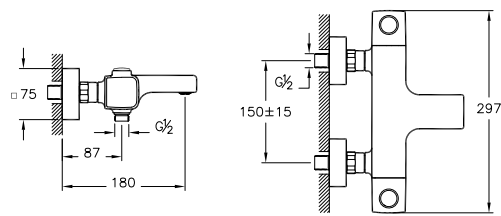

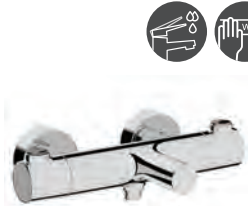

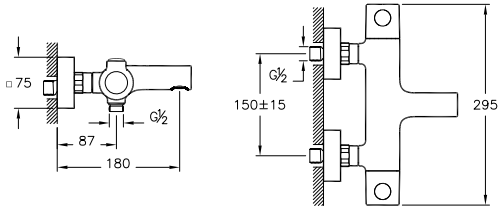

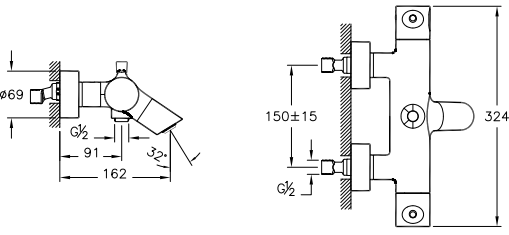

AquaSee

Technological savvy.

Practical and hygienic water-saving photocell faucets operate with a brand new sensor technology that helps you to preserve natural resources.

Shower systems

Shower columns	550-553
Showerheads	554-560
Connection pipe	561
Handshower sets	562-569
Shower sets	570-579

Shower systems

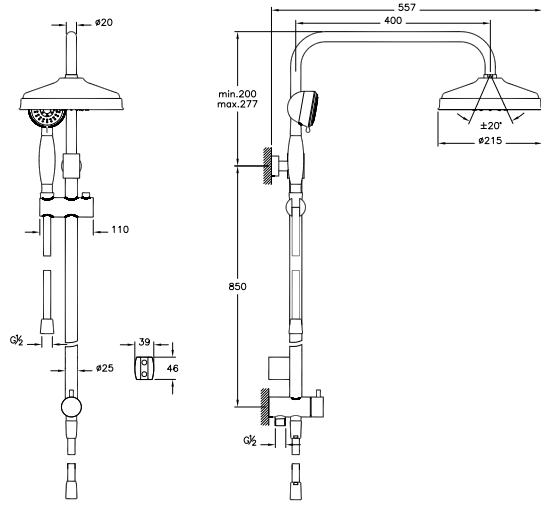

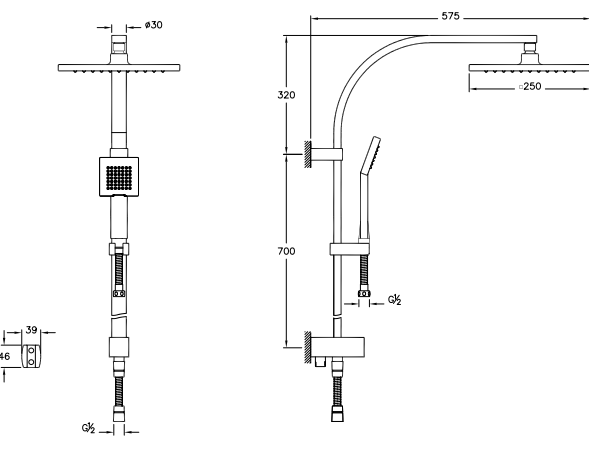

VitrA Shower systems, being compatible with all bathroom mixers, add a completely different dimension to the shower experience with their rainfall feature. The Shower columns where the hand-held shower, the shower head and the router are brought together in a single body, complete the aesthetic line of the series.

Istanbul by Lovegrove.

Designed by Ross Lovegrove

Aesthetic and organic forms.

Lovegrove signed the Istanbul series fittings complete with aesthetic accessories.
Offers gold and chrome options.

Eternity by Sebastian Conran

Smart and elegant design suitable for every bathroom.

NEW

This accessories series created by Sebastian Conran boasts elegant, creative and innovative lines, beautiful details, and a wide variety of products with user-friendly features. Fine and minimalist lines ensure easy cleaning, while a broad range of design, color and material options provide greater freedom in designing user experiences. The innovative style of the Conran series addresses elegant homes as well as luxury buildings and hotels.

Juno Classic accessories

The perfect appearance of the series is completed with gold, copper and chrome accessories. You can use chrome for a modern elegance, gold plated or copper coated accessories for a rather classical touch.

Elegance accessories

Hospitality in grand style.

To make the best use of your personal time you can add Elegance accessories that can deliver comfort and luxury to all your senses.

Faucets icon guide

European Water Label

VitrA armatures, which save high amount of energy thanks to its advanced energy, shine out with its European Water Certified products. A class scaled VitrA products keep on supporting both its customers and our blue planet by taking comfort into consideration.

Green building certification

These products fulfill Green Building Certification (LEED, BREEAM and DGNB) criteria with their environmentally-friendly features including lower environmental footprint, water, conservation and the use of local materials, as well as life cycle assessment (LCA), environmental product declaration (EPD) and sustainable forestry (FSC), certificates. They are recommended for projects aiming for a Green Building Certification.

Water conservation

Maximum comfort is ensured with minimum amount of water thanks to the special system used for faucets.

Energy conservation

The grey band on the cartridge can be used to set an upper limit on water temperature, saving energy by avoiding unnecessary heating.

No calc

The specially designed silicon aerator discharges any lime build-up at the spout with a single touch.

BluEco

With the cartridge that moves to the left at 90 degrees, it saves energy by supplying cold water instead of warm water when the faucet is turned on in the mid-position.

BlueStep

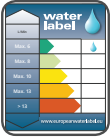

Water saving control function that ensures intentional increase to the high flow.

WarmSense

Internal body design creates an isolation layer between the warm water and body that prevents the contact of warm water to body. In this way, body surface is never too hot to touch.

Shower systems icon guide

European Water Label

VitrA armatures, which save high amount of energy thanks to its advanced energy, shine out with its European Water Certified products. A class scaled VitrA products keep on supporting both its customers and our blue planet by taking comfort into consideration.

Green building certification

These products fulfill Green Building Certification (LEED, BREEAM and DGNB) criteria with their environmentally-friendly features including lower environmental footprint, water, conservation and the use of local materials, as well as life cycle assessment (LCA), environmental product declaration (EPD) and sustainable forestry (FSC), certificates. They are recommended for projects aiming for a Green Building Certification.

Water conservation

Maximum comfort is ensured with minimum amount of water thanks to the special system used for faucets.

No calc

The specially designed silicon aerator discharges any lime build-up at the spout with a single touch.

Easy-to-clean

Chroma-tech spiral can be easily cleaned thanks to its single-part smooth surface.

Easy mounting

It can be easily mounted on different points of hole thanks to the movable connection part on sliding hand shower sets.

Bathroom accessories icon guide

Load-resistant

Tested for rigidity to withstand weights upto certain limits.

LED-lit

Economic, long-lasting illumination with LED lighting.

Focus mirror x2

Double magnifying.

Focus mirror x3

Triple magnifying.

Stickmaster

Special double-sided acrylic strip fixes products firmly in place without having to drill the wall for long durations.

Custom size option

In addition to the standard size, product can be made to order at technically expedient sizes.

Switch button

Switch operated light can be turned on or off.

Horizontal-vertical use

Product can be set up horizontally or vertically as desired.

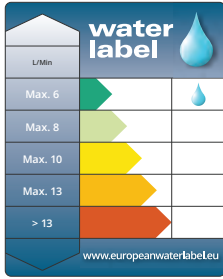

Bathroom accessories icon guide

Soft-close

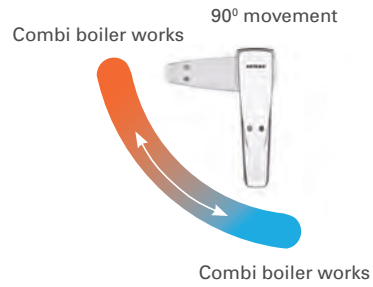

Special hinge for silent and soft closing.

More durable, more practical and more aesthetic.

European Water Label

European Water Label demonstrates the level of water consumption in faucets. Class A water consumption represents maximum water saving with the same comfort level.

Energy Saving

Blue Eco cartridge which works with 90 degree angle, prevents unnecessary working of your combi boiler by giving only cold water when opened in the middle position. Thus, it saves more energy.

Maximum Hygiene

With its high hygiene standards, all the areas that the water touches are produced with materials which are hygienic and harmless to human health in Vitra faucets. They protect to color, taste and the smell of the water in its natural form.

Faucets and Bathroom Accessories

Adjustable Cartridge

Vitra faucets provide extra energy and water saving thanks to its cartridges with temperature and flow limiters.

Easy Cleaning

Vitra faucets, can be cleaned by a little touch thanks to its special aerators with silicon fiber. Clean aerators always provide smooth water flow and extend the product's life.

Moving Aerators

Vitra moving aerators offer feasibility to change direction of the flow with a single touch. It flows the water wherever desired and it is compatible with different sizes of washbasins.

More durable, more practical and more aesthetic.

Flow Variety

VitrA offers three different flow option to meet with user expectations. Standard, natural and rectangular water flow alternatives create different experiences and provide water flow forms in harmony with design lines.

Size Variety

VitrA, with its wide product range for different usage and installation needs, offers a rich size variety to meet the needs of every bathroom design.

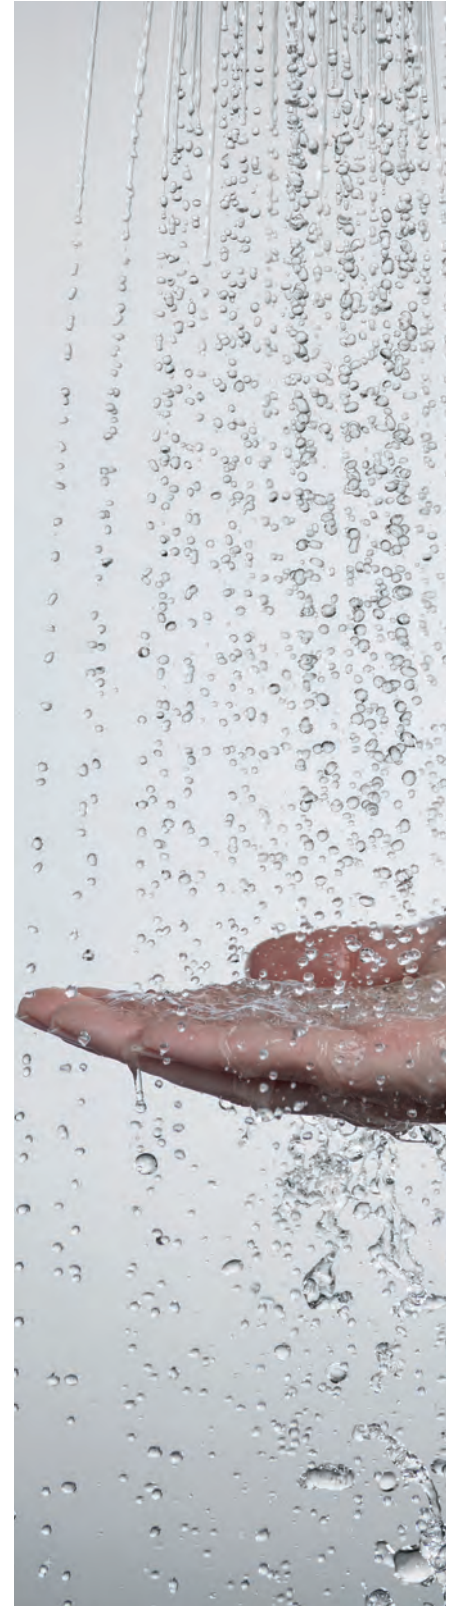

Long-lasting Colors

Comparte to regular coating, VitrA provides ten times more durable and long lasting facial coating options thanks to its PVD coating technology

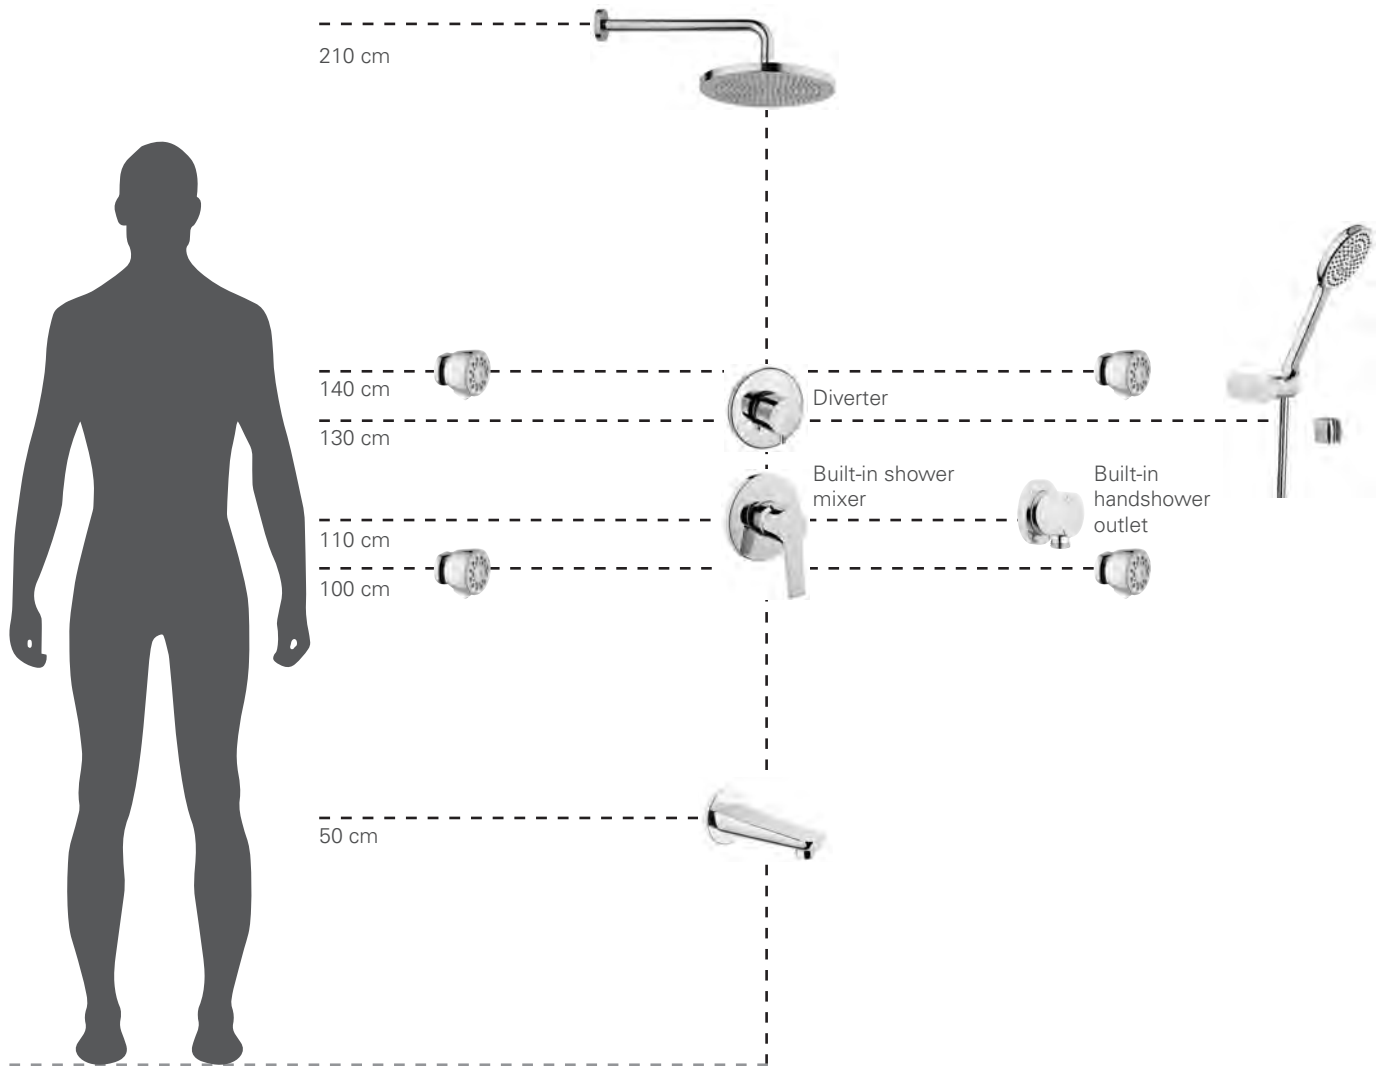

Variety of Styles

VitrA bathroom faucets bring together the most innovative designs and products of different designs which will meet the changing tastes, styles and expectations

Built-in bath/shower mixer - Suggested montage dimensions

* These dimensions are given for finished shower floor.

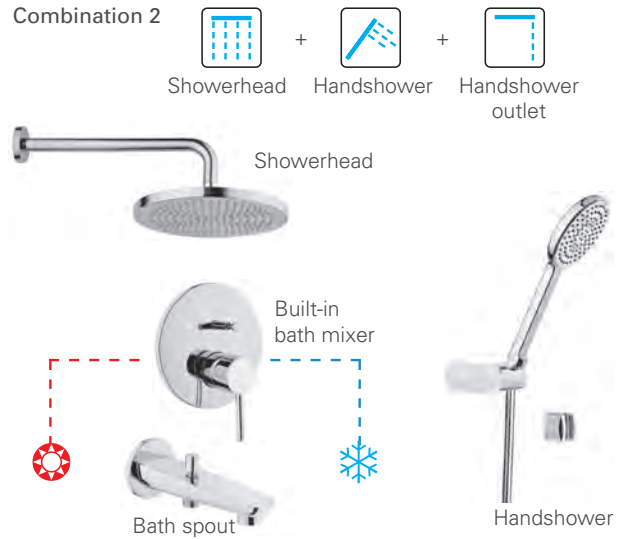

Built-in bath/shower mixer - Combinations

Combination 1

- Built-in bath/shower mixer with 2 ways diverter.
 - First way to spout.
 - Second way to showerhead.
- This combination is available for following series: Nest Trendy, Matrix, Q-Line, Flo S, Minimax S, Dynamic S

Combination 2

- Built-in bath/shower mixer with 2 ways diverter.
 - First way to spout.
 - Second way to showerhead.
- Handshower diverter on spout
- This combination is available for following series: Matrix, X-Line, Q-Line, Flo S, Minimax S, Axe S, Dynamic S

Combination 3

- Built-in shower mixer has one way.
- 3 ways diverter should be used for showerhead, handshower and spout combination.
- Built in handshower outlet should be used since bath spout has no handshower outlet on.
- This combination is available for following series: Q-Line, Flo S, Minimax S

Combination 4

- Built-in shower mixer has one way. It can't be used with a handshower by selecting a bath spout with handshower outlet.
- This combination is available for following series: X-Line, Q-Line, Flo S, Minimax S, Axe S

Memoria

In touch with your senses.

Washbasins with vanity units provide ample storage space divided into boxes, putting your bathroom in order and making your life easier.

We have placed shelf units in the back of the mirrors with sliding doors. Therefore you can easily reach the items that you have set aside for daily use.

Memoria

We have designed storage solutions in different sizes and dimensions. You can use the shelf system inside the cabinet to store your towels. Those who wish to save on space, may prefer tall units with a special mechanism.

The color black which is used inside the drawers not only emphasizes elegance, but also determines the trends.

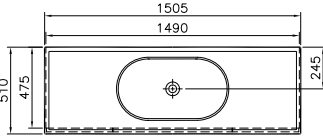

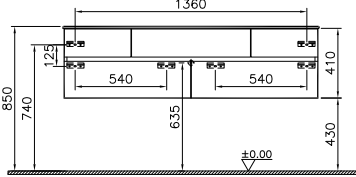

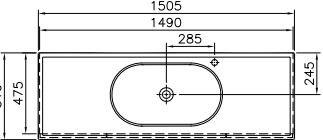

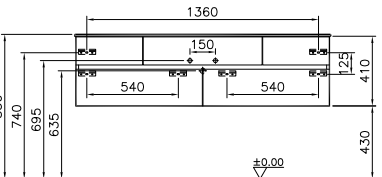

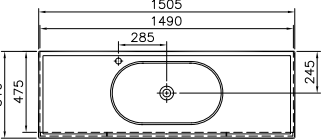

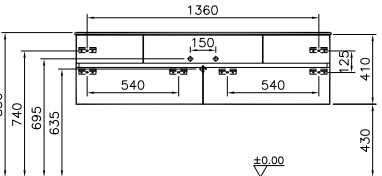

Memoria

Inspiration from nature.

It is difficult to transport the peaceful atmosphere of nature to bathrooms. Organic shapes, pure touches and thin lines are needed. All of these necessities come together in Istanbul series which carries the signature of the famous designer Ross Lovegrove. Istanbul series is inspired by nature and detailed shapes reminiscent of flowing water. Offering three color options, Istanbul series completes its perfection together with the ceramic, Inifit washbasins and faucets.

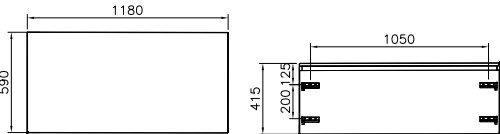

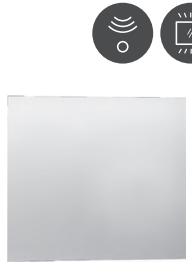

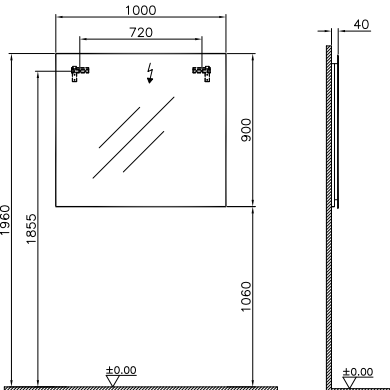

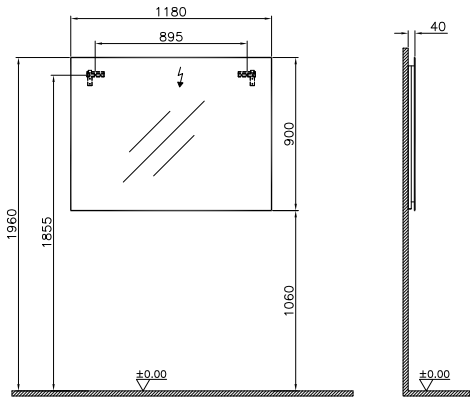

Istanbul by Covegrove.

In touch with your senses.

Designs inspired by nature always ensure that you will create appealing living spaces. The Options Lux Series, which stands out with its natural timber and lacquer surfaces, invite nature to your home. The series also match perfectly with İstanbul Ceramic Sanitaryware combining its modest design with the warmth of timber, helps you to design an aesthetic bathroom.

Memoria Black & White

Masterful blend of angular forms and smart details.

With Memoria Black & White, Christophe Pillet returns to his outstanding Memoria series for VitrA with a masterful play on nuances. The slim profiles and gracefully angular forms of the Memoria Black & White series' components are complemented by smartly conceived details to create an exclusive bathroom experience. A rich variety of modules in different sizes allows you to mix and match units and position them any way you want to create your self-designed bathroom.

The black option of the award-winning Memoria Black & White collection also creates perfect harmony in bathrooms.

The open shelf unit of Memoria Black & White smoothly revolves on its hinge to reveal a mirror on its back side. Tall and slender, the dual-purpose unit cuts a contemporary figure in its tasteful combination of patterned oak and matte black or matte white.

Wide, full-extension drawers with 40 cm and 80 cm widths provide ease of use and ample storage spaces.

Roomy tall units store all necessary bathroom items neatly together, opening up space for daily activity.

Memoria Elements

Minimal details creating aesthetic and special spaces.

Elegant pieces maintaining the innovative and aesthetic design line of VitrA's bathroom furniture further enrich VitrA's world of special sensations. Featuring organic forms, modern designs and unique minimal details, Memoria Elements opens the door to brand new and impressive combinations with excellent harmony.

NEW

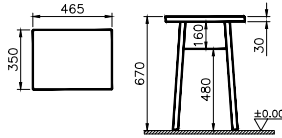

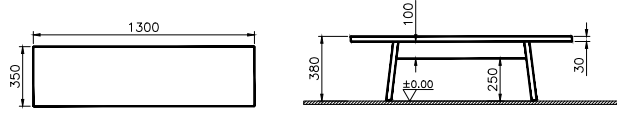

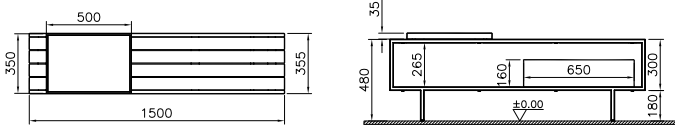

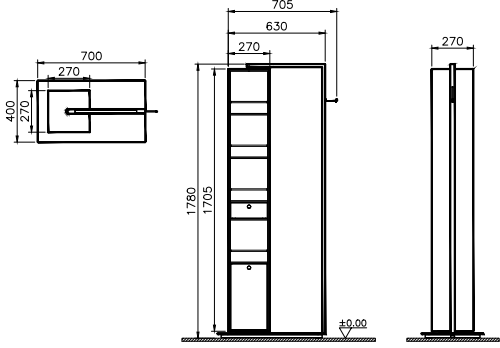

Swivel cabinet offering 360-degree freedom of use, have a mirror, bar for hanging clothes, removable drawer in the middle, and open/closed storage spaces. Moreover, LED lighting on the top creates an elegant ambiance in the bathroom.

The tray on the bank can be used for displaying decorative articles while the basket keeps personal items.

Elegance

Classic style at its finest...

The tall unit and mid unit selections enable you to personalize the storage spaces in your bathroom. The curved shapes and the legs of the furniture put an emphasis to the nostalgic appearance of the series.

The oval mirror emphasizes its visual harmony with the soft lines of the design. The LED lighting makes it easier to use the mirror, especially in bathrooms without adequate daylight.

Who says modern spaces cannot be classic? The Elegance Series destroys all of the taboos known about the classical style. Round lines, nostalgic details and marble textures are coming to bathrooms with Elegance. The units with glass doors and swan shaped faucets of the series add grace to the space.

Frame

Geometric and pure design for authentic pleasure.

With different dimensions for maximum ease of use, countertop washbasin units with 60, 80, 100, 120 cm and vanity units with 60, 80, 100 cm width options complement graceful lines of the washbasin unit.

Soft-close drawers in the washbasin units support bathroom safety and silence. Drawer non-slip mats add extra elegance and comfort.

Frame's vanity basins are designed with expansive areas for toiletries and deep bowls to ensure your comfort. Washbasins are offered in white and matte taupe color options.

Frame

NEW

A bathrobe unit providing spacious storage on multiple shelves is versatile, elegant and particularly suitable for bathrooms. Other side of the unit has hanging pins for bathrobes and towels.

Bright ideas, detailed solutions.

The appeal of the design is hidden in the detail. The T4 Series proves this fact once again. Immaculate details come together with simple lines and what surfaces is a functional design. The Series was designed by NOA Design.

Metropole

The natural allure of elegant simplicity.

Prestigious Metropole series by the award winning design group NOA adds to its attraction with a new range of bathroom furniture. High-tech and trendy, Metropole stands out for smart functionality in tastefully restrained forms. With its wide range of Infinit and ceramic washbasins, the series offers nearly endless possibilities for a restful and inspiring bathroom decor.

Metropole bathroom furniture targets different tastes with white and black combination.

Metropole

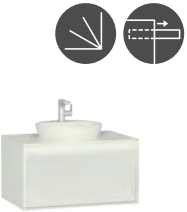

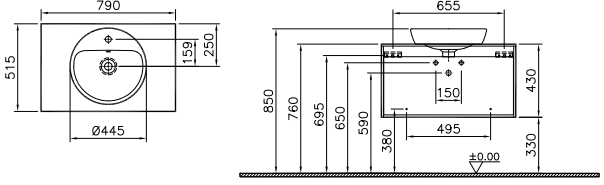

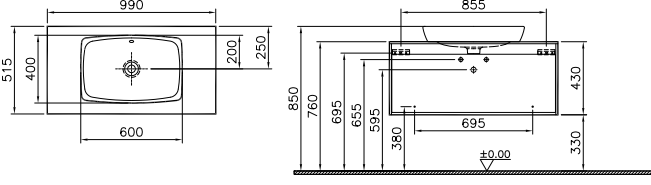

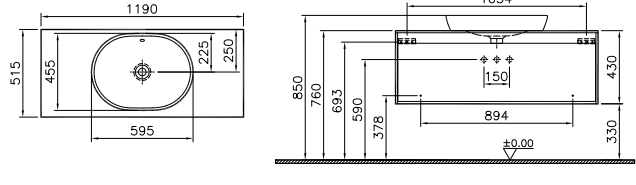

Metropole washbasin units are compatible with two basin options: Infit vanity and ceramic bowls. The pure white colour option of Metropole furniture contributes to an elegant natural bathroom decor.

Different dimensions for maximum ease of use: Infit vanity washbasins with 80, 100, 120 cm width options complement the graceful lines of the washbasin unit. The double drawer vanity unit with acrylic glass front is wide enough to neatly store anything you want with easy reach.

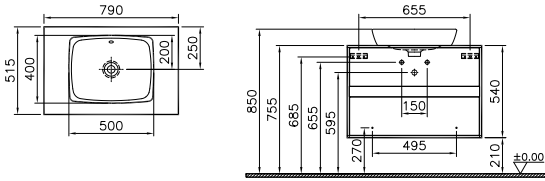

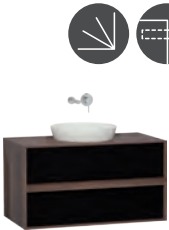

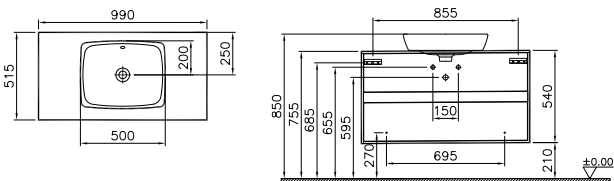

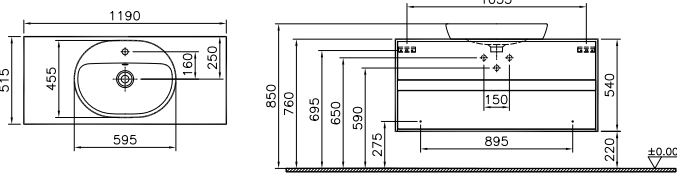

Tall and mid units with white acrylic glass doors offer ample space for all bathroom items.

System Infinit

Singular sophisticated design.

Designed for the System Fit Series, Infinit washbasins embrace the furniture and become one. This creates soft shapes and large spaces for use. The washbasins solved the design-related water splashing issue, and they also prevent the timber from being damaged.

Nest Trendy

Latest ideas for the contemporary family.

Combining contemporary forms with smart functionality, the Nest Trendy bathroom brings designer solutions within the reach of everyday families. Responsive to individual needs, Nest Trendy will be a wonderful addition to a trendy family home.

Nest - Design for All

Designed by NOA

VitrA for all, design for all!

Universal and aesthetic norms suitable for any age or condition in response to a large audience and diverse needs.

NEW

The mobile unit with two drawers is suitable for wet use, thanks to its water-resistant acrylic tray. Moreover it is easy to clean. The unit also has wheels that give mobility and can also be locked to prevent skidding and ensure safe use.

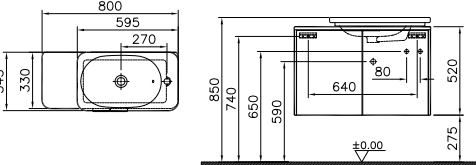

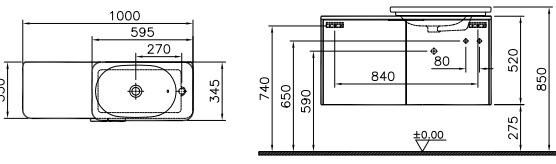

Nest - Design for All

NEW

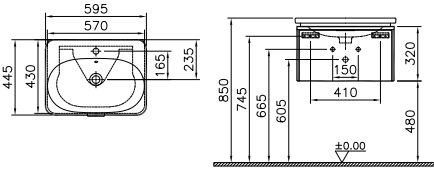

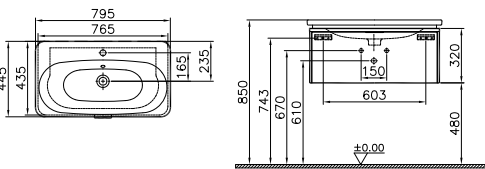

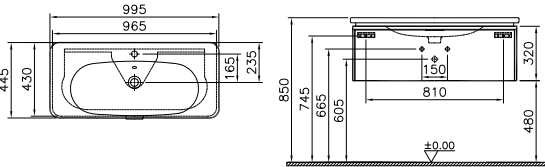

The water resistant acrylic top surface of the unit means that it can be used as a hygienic rest area after a shower. In addition to a large covered space for storage, the unit has lockable wheels for safe use.

Sento

Inspiring combinations from VitrA.

Sento with a Nordic clarity offers all the modules needed in a bathroom with functional and warm details. The series includes different solutions for storing cleaning materials. Sento has a multipurpose unit to house a washing machine and laundry basket. Fine and rounded corners ensure safety and enable easy cleaning in small bathroom spaces.

Impressive pieces, functional solutions.

The washing machine unit also has a closed cabinet to neatly store anything you want. In this section, there is a laundry basket and shelf for storing cleaning materials. The elegant upper unit provides extra storage with its drawer and shelf details.

The tall unit is suitable for storing different size of cleaning materials. Air vents inside of the cabinet prevent humidity by providing good ventilation.

Sento

Smart solutions for bathrooms.

Sento's modern lines and excellent color harmony are dazzling. Moreover, the series offers a large range of products with suitable solutions for smaller areas.

The tall unit, which is especially designed for functionality, has shelves for storage, a laundry basket and power plug, and a special area for storing personal care products.

The washbasin unit has a compact form that is suitable for smaller bathrooms and it provides extra storage.

The series offers various colors and forms for different tastes and preferences. Both mirror cabinets and flat mirrors offer LED illumination feature.

Sento's large range of products offer elegant combinations suitable both for smaller and larger bathrooms. Furniture with or without legs can create different atmospheres in bathrooms.

LED lighting stands out as an efficient solution that increases bathroom safety and strengthens the ambiance in bathrooms.

Combinations formed with matte cream color option create a natural ambiance in bathrooms. Sento offers washbasin units with door, single and double drawer options in different sizes and colors.

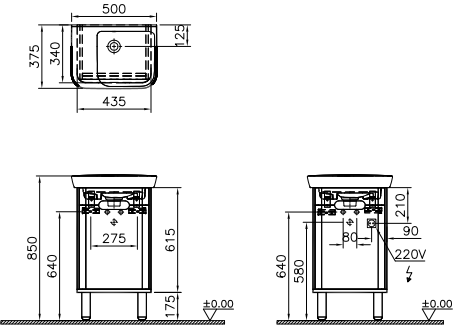

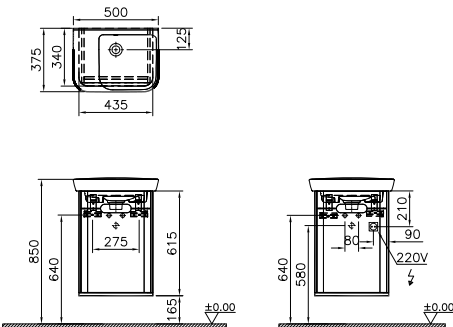

Fully extendable and double-drawer washbasin units are an ideal choice for users who prefer spacious storage areas.

With open and close storage spaces, mid units offer a neat bathroom experience and convenience for bathrooms.

D-Light

Simple and practical.

Created by Vitra in-house design team, D-light offers you smart solutions for your bathroom with good design and functionality.

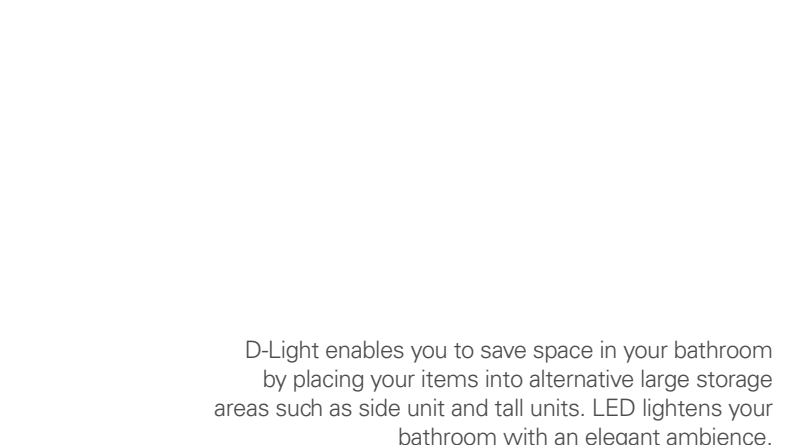

New D-Light created the ideal bathroom furniture range by the combination of joyful and colorful designs with functionality. D-Light stands out with elegance as well as vivid and natural colors, and also offers an exclusive bathroom experience.

D-Light

Rounded edges of furniture offer safe bathroom environment. Compatible with colorful design language; accessories such as roll holder and towel holder bring elegance and vividness to your bathroom.

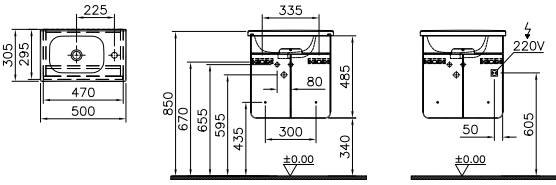

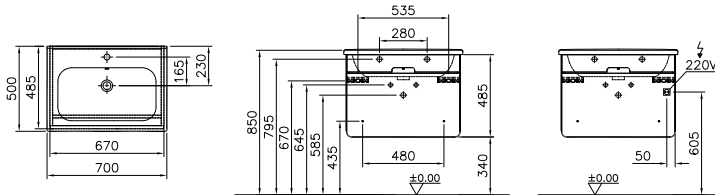

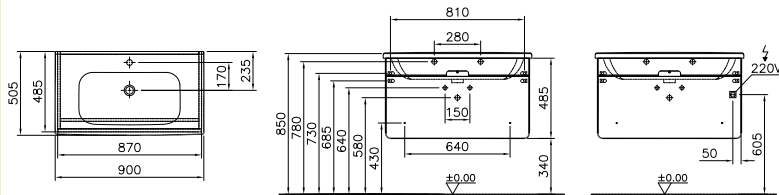

D-Light enables you to save space in your bathroom by placing your items into alternative large storage areas such as side unit and tall units. LED lightens your bathroom with an elegant ambience.

LED ambiance lighting with an automatic sensor is available at the back of handle.

Bathroom furnitures color sample codes	971

Bathroom furniture icon guide

Natural veneer

Furniture surfaces are genuine wood veneer.

Sensor

Eliminates lighting switches to provide a smarter look, turning lights on when approached or when lightly touched.

LED lighting

Economic, long-lasting illumination with LED lighting.

Anti-fog mirror

With its anti-fog mirror models, VitrA offers solutions that makes life easier.

Magnifier mirror

Magnifying mirror offers versatile functionality for different needs.

Double mirror

Double mirror models offer comfortable and elegant solutions for bathrooms.

Soft-closing

The gently slowed movement of drawers, doors and lids ensure silent operation and enhance safety for children or elderly users.

Full extension

Full extension drawers offer ease of use and optimum utilization of storage space.

Special needs

VitrA bathroom products designed to accommodate seniors and people with special needs are wheelchair accessible and provide enhanced convenience in the bathroom.

Power plug

Installed inside cabinets, plugs offer practical and elegant solutions for bathrooms.

Glass shelves

Glass shelf models create elegance and functionality in bathrooms.

Horizontal/Vertical use

Can be used horizontally or vertically depending on needs.

- Family Acrylic Washbasin is revised as Family Acrylic Covered Washbasin

General information

- Eczacıbaşı Building Materials Co. always keeps the rights to make any changes on the product.
- In case bath filler will be used for appropriate bathtub models, the drilling on product body can be done before the shipment if the code/model of the faucet is provided at CRM note at the time of order.
- For faucets usage on bathtubs please check page 1229-1230. Application areas shown are for body bathtubs and may vary for whirlpools. Contact VitrA officers for such applications.
- Since solid wooden items on products are of natural wood, color and texture may vary.
- Complementary wooden items (panels, shower mattes, shower system, etc) should be installed in enclosed areas avoiding exposure to outside weather conditions. Other wise, the product shall become out of scope of guarantee.
- Check product data sheets and technical documents for detailed information on installation.

V-Flow

Designer drains for bathroom refinement.

With its continuous, aesthetic and modern look, V-Flow shower channel complements the elegance of residential areas and hotel rooms. Zero to surface assembly makes the V-Flow shower channel almost invisible, providing ergonomics and easy cleaning. To create distinctive and elegant alternatives in your residential and hotel projects, V-Flow is available in matte, high gloss and gold finishes.

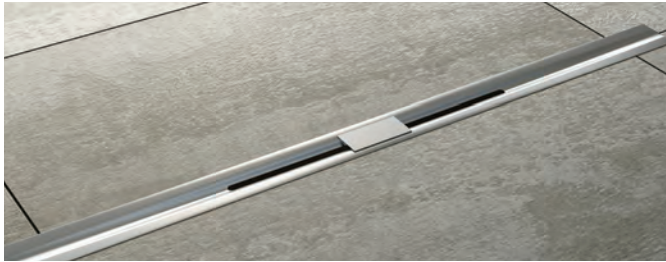

V-Flow

Aquawall

Unusual with its vertical use.

- Can be cut in any size between 30 - 100 cm
- No joint gap
- Metal frame
- Matte, shiny chrome and gold color options.
- Smooth water drainage through S type siphon

Clear Cut

Both elegant and affordable.

- Can be cut in any size between 40 - 80 cm.
- Metal frame
- Matte and shiny chrome color options
- Can be installed in front of wall or in the middle of shower
- Smooth water drainage through S type siphon

Thin Cut

Superbly slim, elegant look.

- Can be cut in any size up to 30 cm.
- No joint gap
- Metal frame
- Matte, shiny chrome and gold color option
- Smooth water drainage through S type siphon
- Available in 60 cm, 90 cm, 120 cm, 200 cm, 300 cm and 600 cm (for projects) sizes.

Premium

Perfect harmony with tile setting, premium look.

- No joint gap
- Metal frame
- Matte, shiny chrome and golden color options
- Circular side and bottom siphon options
- Smooth water drainage with Type S siphon
- Available in 30 cm, 50 cm, 60 cm, 70 cm, 80 cm sizes.

Elegant

Perfect nish, harmonious integrity.

- No joint gap
- Metal frame
- Matte, shiny chrome and golden color options
- Option to place tiles on cover.
- Circular side and bottom siphon options
- Smooth water drainage with Type S siphon
- Available in 30 cm, 50 cm, 60 cm, 70 cm, 80 cm, 90 cm, 100 cm, 120 cm sizes.

Style

Multiple alternatives, affordable price.

- Joint gap
- No frame
- Matte coated cover option.
- Option to place tiles on cover.
- Circular side and bottom siphon options
- Smooth water drainage with Type S siphon
- Available in 30 cm, 50 cm, 60 cm, 70 cm, 80 cm sizes.

Compact systems

Thera compact system	1007-1009
Lara compact system	1010-1013
Cubido compact system	1014

Compact systems

Functional, multi-purpose, very practical...

VitrA systems make other showers seem as crude as washing yourself with a bucket and garden hose. Units offer a range of functionality and optional features (such as massage and steam bath) that transform your shower stall or bathtub into a fountain of renewal. Having a shower will never again seem like a chore.

COMPACT SYSTEMS				
Unit with	Length	Width	Height	Serie name
Corner Bathtub	140	140	215	Thera (pg; 1007)
	130	130	215	Thera (pg; 1008)
	120	120	215	Thera (pg; 1009)
Rectangular Shower Tray	155	120	220	Lara (pg; 1010)
	120	90	220	Lara (pg; 1011)
			212	Cubido (pg; 1014),
Square Shower Tray	100	100	220	Lara (pg; 1012)
	90	90	220	Lara (pg; 1013)

- For VitrA Compact Systems to be installed & its intervention, there is a need of empty space of 40 cm nearly or in front.
- It is not recommended VitrA Compact System to be placed on U shaped wall. Please ask VitrA Bathtub responsables for guidance if you need installation to U shaped wall.
- For system information & specifications please refer to VitrA Bathtub Compact Systems Guide Book.

! Before installing VitrA Compact Systems, make sure that:

- The ceiling is minimum 2,3 m high.
- The water inlet level is minimum 80 cm high.
- The water outlet pipe is of 50 mm.
- The electronical system is running with 220 Volt (with earth connection).
- The local water pressure is in between 3-6 bars.
- The floor should be tiled of even.
- The walls are straight and the installation corner is exactly 90'.

Roomy shower unit	1060-1067
Cosey shower unit	1068
Cosey mini	1068

Cosey

Compact unit with personal care and ablu- tion section.

Cosey offers a unique solution for personal care and ablu-
tion combined with a showering area: a specially
conceived area for foot washing and other personal care with an ergonomic, easy-to-clean seat.

With Cosey, Vitra combines hygiene and comfort for you.

Dry area for personal care and
ablu-
tion.

Cosey mini

NEW

Ergonomic design,
elegant look.

Vitra's new Cosey mini Ablution Unit provides an ergonomic and compact solution for performing ablution comfortably.

With its hygienic acrylic floor, ergonomic seat, functional bars and personal items shelf, Cosey mini is ideal for public buildings as well as personal bathrooms.

Zest Space

NEW

Eye-catching yet soothing.

VitrA Zest Space is a unique showering area with a stunning look. Its black Eloxal aluminum profile and elegant glaze are highlighted by LED lighting that uses chromotherapy to help balance your body's physical, emotional, psychological and mental energy. Acrylic material ensures hygiene and easy cleaning.

VitrA Zest Space offers a unique shower experience with 3 massage shower jets, a 4-way concealed faucet, hand shower, head shower with rain effect, storage unit with reflective glass cover, and optional seat.

Hideaway

Designed by NOA

NEW

Modern solution for spacious places.

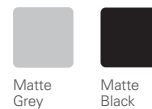

VitrA's innovative Hideaway offers a new perspective in the bathroom. The foldable shower panel not only provides a smart solution for narrow areas, its reflective glass also makes it suitable for use as a full-length mirror.

Notte

New dimension at comfort and visual perception.

Notte offers you a different shower experience with special features such as a music system, lighting and massage. The design compatible with all spaces, ensures that you have a pleasant time while recovering after a long stressful day.

Notte Ionfresh

Notte Ionfresh brings a different dimension to your shower and turns it into a SPA experience with its massage system technologies. The series creates healthier spaces by purifying the bathroom from allergens.

Roomy

Comfort and safety in simplicity.

Both seating and storage unit, Roomy is definitely multi-functional. Thanks to its wide seating area, taking a shower is made easier both for the elderly and children. Roomy shower unit includes shower tray and cabin together. It has two different length options; 120 and 150.

The section underneath the seating area can be used as a storage unit.

* Has foot paneled models and bigger sizes.

Istanbul

Designed by Ross Lovegrove

Pure and natural organic forms.

Inspired from Istanbul's mixed culture and traditions but a series of future ... Istanbul, Ross Lovegrove, almost defines beauty again. Completes the series with bathtub products.

Water Jewels

Designed by Matteo Thun

NEW

Sparkling elegance, a fabulous design!

With its oval acrylic structure, water-resistant wooden panel and special pop-up waste & overflow set, the Water Jewels Bathtub offers an exclusive bathroom experience.

4 Life

Ultimate comfort in impeccable style.

The 4 life Series, offering various alternative shapes, stands out with its aesthetic design.

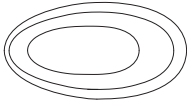

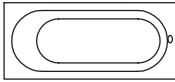

Combo

Twice the function, twice the pleasure.

Regenerating bathing experience from all aspects... While a purifying and reviving shower ensures that you start the day full of energy, you can get rid of the fatigue of the day with a lengthy and relaxing soak in the bathtub.

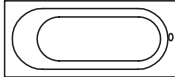

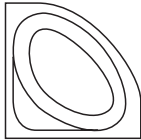

You can enter the bathing section of Combo through its door, where you will be able to enjoy the pleasures of both a shower and a bath, with ease.

Slim shower trays

Simple and functional.

Slim, particularly ideal for families with children thanks to its zero surface entry, creates a fully accessible shower space. With its easy-to-clean design, it also provides a practical solution for hygiene issues.

* Has monoblock, foot paneled, zero surface flat and monoflat models.

Simple and functional, Slim shower trays bring practical application and original design together. With its sophisticated slim design, Slim complements the elegance of any bathroom, and is also a hygienic option as it is very easy to clean.

Seat

Elegant choice for comfort.

The integrated seat that makes Seat uniquely comfortable is as beautiful as it is handy and ergonomic.

Serenity

NEW

Minimal and contemporary design.

The Serenity shower tray with metal siphon cover, made from stainless steel, has subtle, modern lines that are compatible with every bathroom design. Not only does Serenity come in a range of sizes and implementation alternatives, it fits in all U-shaped walls between 100 - 160 cm with its cuttability feature.

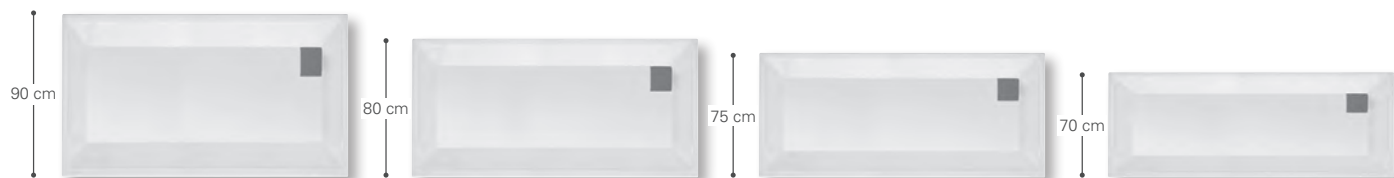

T Series

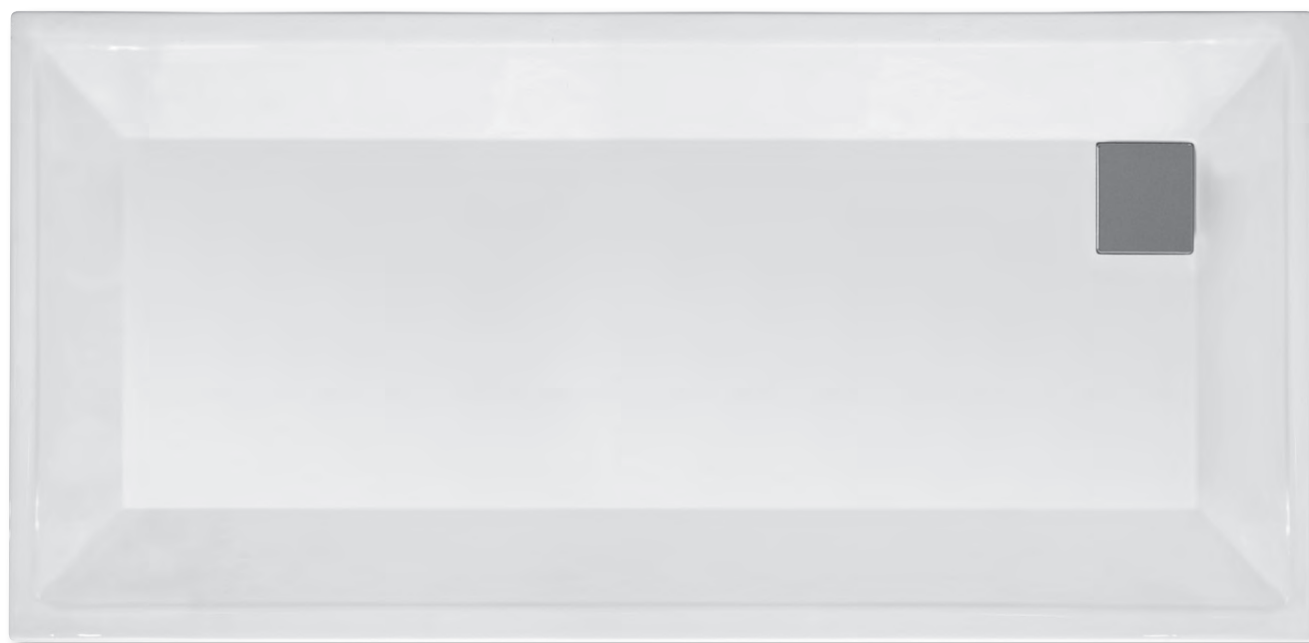

Trim to a T.

Discover the pure aesthetics of a trim shower tray with VitrA's T series, created to perfectly complement contemporary bathrooms with its slender form and sharply precise lines. Acrylic T series shower trays can be installed flush with the floor if so desired to provide accessible shower comfort, or can be low-set if you opt for the easy-installation monoflat choice.

4 width options

10 length options

- Durable acrylic shower tray.
- Can be installed flat, flat panelled, monoflat, monobloc or zero surface.
- Accessible shower space when installed flush with floor (zero surface).
- Wide product range for a perfect fit in any bathroom.
- 70 - 75 - 80 cm width, 90 - 180 cm length options.

T Series monoflat

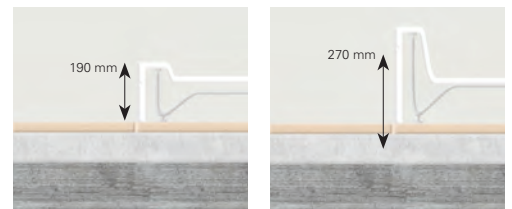

Modest lines.

Unlike monoblock shower trays, monoflat shower trays have 6.5 cm. The T90 series, which came out as the continuation of the Design Turkey award winning T70 series, is compatible with all bathrooms with its modest lines and varied sizes.

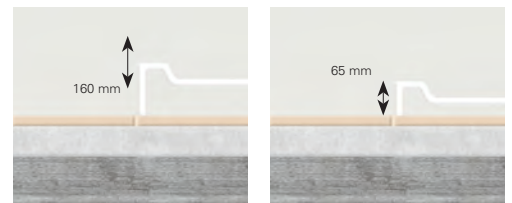

Zero Surface

Flat

Flat Paneled

Deep Paneled

Monoblock

Monoflat

Monoflat can only be installed by breaking the siphon area, and as a result, offers the possibility of easy installation as a result.

Showering areas icon guide

VitrA antislip

Developed to offer safety against the risk of accidents. Bathtubs and shower trays treated with VitrA antislip will not get slippery over the years as a result of frequent contact with soap and water.

Special needs

VitrA bathroom products designed to accommodate seniors and people with special needs are wheelchair accessible and provide enhanced convenience in the bathroom.

General information

- ★ Eczacıbaşı Building Materials Co. always keeps the rights to make any changes on the product.
- ★ In case bath filler will be used for appropriate bathtub models, the drilling on product body can be done before the shipment if the code/model of the faucet is provided at CRM note at the time of order.

page 1233-1235

- ★ For faucets usage on bathtubs please check Application areas shown are for body bathtubs and may vary for whirlpools. Contact VitrA officers for such applications.
- ★ Since solid wooden items on products are of natural wood, color and texture may vary.
- ★ Complementary wooden items (panels, shower mattes, shower system, etc) should be installed in enclosed areas avoiding exposure to outside weather conditions. Other wise, the product shall become out of scope of guarantee.
- ★ Check product data sheets and technical documents for detailed information on installation.

Usage of wooden complementary items

General warnings about usage of wooden complementary items

- Color and texture may vary since solid wooden parts of products are made of natural wood.
- Complementary wooden items (panel, mat, shower system etc.) should be installed in enclosed areas. Products intended for use at home or in enclosed areas should not be used in areas subject to outside weather conditions, under direct sunlight, rain, moisture etc, at gardens or in areas, washed with water, in order to preserve its lifetime. Otherwise, the product shall become out of scope of guarantee.
- Wet bath fibers left on product and the liquids leaking from soap and shampoo bottles may result in color changes on product.
- Do not use hydrochloric acid, abrasive/ powder detergent, soft soap and hard /scratching cleaning sponge for cleaning wooden items. Avoid contact with bleachers, organic solutions, paint removers acetone and other solvents.

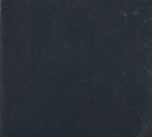

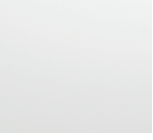

Key notes about usage of wooden panels

- Wooden panels should not be left wet for a long time, it should be dried with cloth after each usage to ensure a better and longer lifespan.
- Bathroom floor should be cleaned by wiping to avoid contact of product with plenty of water.
- Wooden wipers are not recommended since wooden panel is varnished.
- Use of a soft cloth and glass cleaner in cleaning of wooden surface is adequate. Wipe the cloth in the direction of coating, not with circular movements.
- Installation of wooden panels should not be done at the same level with bathroom floor to avoid damaging of wooden panels from water accumulating on the floor during bathing or cleaning.
- Use of cabinet on wooden panel products should be recommended. It should be ensured that water splashed from the edges of bathtub, walls or shower heads during bathing is kept on the surface of cabinet glass and flowed into the product.
- You can refer to VitrA Bathtub Officers for removal of scratches appeared on the surface of wooden panel as a result of accident and stroke.

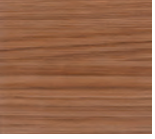

Considerations about usage of wooden shower mattes

- Wooden mat is made of natural iroko wood and iroko wood is among the most water resistant woods.
- As wooden mattes are natural materials, it is likely to release its own sap during usage.
- Since wooden mattes are suitable for raw use, they are supplied with no varnish or finish and should be cleaned with a soft cloth and warm water after each use. Otherwise, unmelted soap products, dirt and limewater create a thin layer on wooden base making it hard to clean up.
- In addition to the cleaning after each use, you can opt to use wooden surface cleaners recommended for varnish and finish-free surfaces. You can supply such wooden surface cleaners from DIY stores.
- Usage of surface cleaners are recommended at every 6 months and the maintenance should be completed by using teak oil. This application is crucial in case the wooden parts are subject to sunlight in the bathroom.

Wooden parts and products used

Color	Material	Product used	
	Teak with brown oil	4 Life Pure - collectible wooden mat 4 Life Cocoon - wooden step	
	Anthracite high gloss Polymeric membrane on MDF	4 Life Pure-front and side panels Neon front and side panels	
	Teak with transparent oil	Wooden body and shower mat Shower Seat 04 - shower seat and back piece
